

# INVITATION TO PARTICIPATE IN A RESEARCH STUDY

## Improving Respite Care

for Families of Children Requiring Respite

Dr. Roberta Woodgate,  
College of Nursing,  
invites **families of  
children requiring  
respite** to share their  
perspectives and  
recommendations for  
improving respite care.

Participation in this study  
is voluntary.

Participants' identities and  
the data collected will be  
kept confidential.

Participants will receive a  
gift card in appreciation of  
their participation.

## Families of Children Requiring Respite

**Families** will be asked to:

- Complete a short demographic form
- Participate in one or more interviews
- Have the option to take photos of people, places, or things that represent your daily life and participate in a family group interview to talk about the photos
